

Adding Content to your Stormhour Membership Page

Logging Into Your Account

1. Go to the following URL

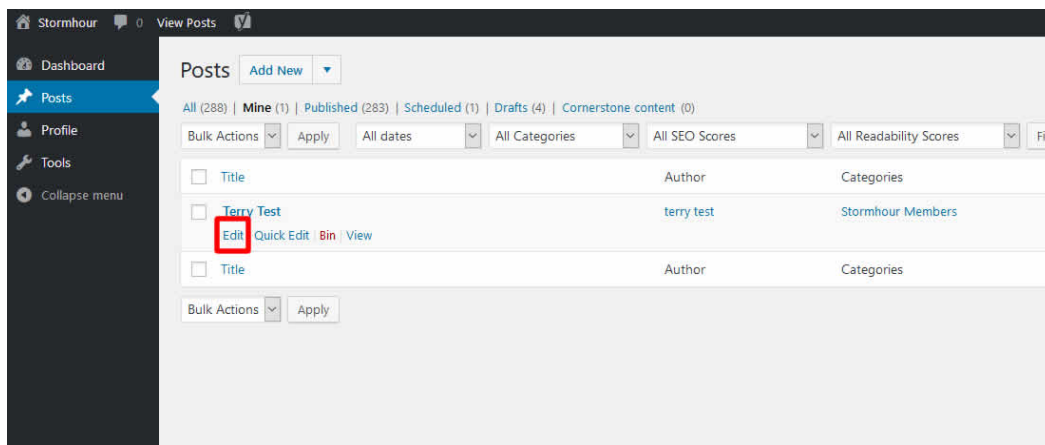

<https://stormhour.com/wp-admin/>

2. Add your Username And Password

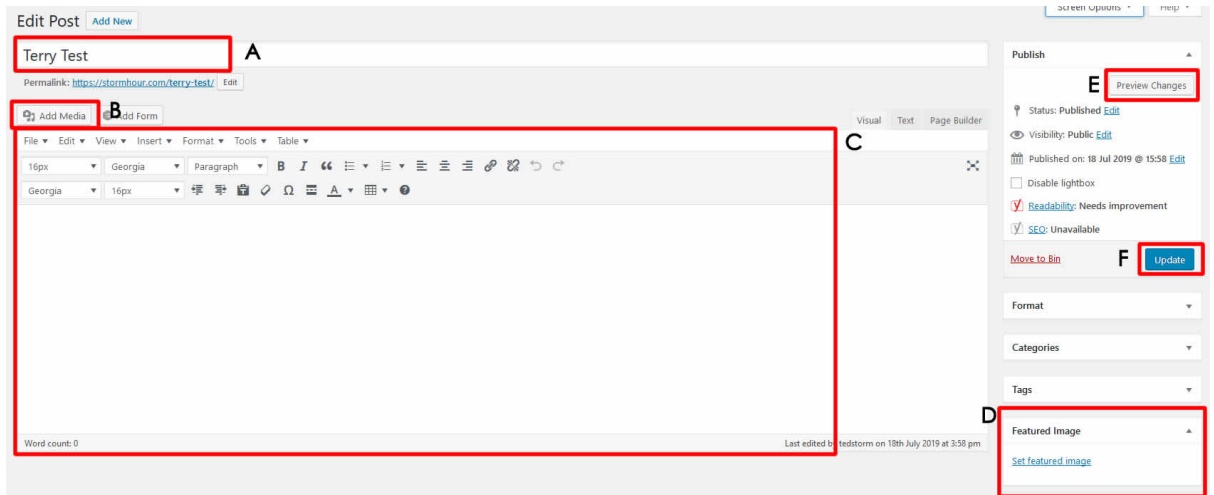

3. Add Content to your Page

Once you have logged in you'll be presented with the sites backend. The first thing you will want to do is click **"Edit"**

Doing so will bring up the edit section for you page.

The screenshot shows the WordPress 'Edit Post' interface. At the top, the title 'Terry Test' is highlighted with a red box and labeled 'A'. Below the title, the 'Add Media' button is highlighted with a red box and labeled 'B'. The main content editor area is highlighted with a red box and labeled 'C'. On the right-hand side, the 'Featured Image' section is highlighted with a red box and labeled 'D'. At the top of the right-hand side, the 'Preview Changes' button is highlighted with a red box and labeled 'E'. At the bottom of the right-hand side, the 'Update' button is highlighted with a red box and labeled 'F'. The interface includes a menu bar at the top with 'Edit Post' and 'Add New', a permalink field, a toolbar with various editing options, and a right-hand side sidebar with various settings and buttons.

- A. This Filed is your page title.
- B. You can add images from your device.
- C. This is where you add your text.
- D. This is where you can ad your featured image.
- E. You can preview your changes using this button.
- F. When you have made your changes, simply click **update** and your changes / additions

These are the only options you need to use.
